ProofID

SAILPOINT MANAGED SERVICE

MANAGED SERVICES THAT TRANSFORM YOUR IDENTITY MANAGEMENT PROGRAM

As a leading SailPoint Identity Managed Services Provider (MSP), we understand the complexity of managing digital identities. With ProofID as your trusted partner, we safeguard your digital identity ecosystem, allowing you to focus on achieving Business success.

WHY CHOOSE PROOFID AS YOUR SAILPOINT MSP?

▷ **100% IDENTITY FOCUS**

Identity security is our sole focus—no distractions, just deep domain expertise ensuring your digital identities are managed securely and in line with your business and compliance requirements.

▷ **IDENTITY SECURITY CLOUD (ISC) MSP**

As one of SailPoint's select Managed Service Providers (MSPs) for the Identity Security Cloud (ISC), ProofID is dedicated to delivering top-tier identity solutions. With a proven track record, ProofID stands as a trusted leader in the identity security MSP landscape.

▷ **SAILPOINT DELIVERY ADMIRAL (SAAS) STATUS**

ProofID has achieved the prestigious Delivery Admiral recognition from SailPoint, highlighting our unparalleled expertise, commitment, and capability to deploy and manage secure identity solutions.

▷ **GLOBAL REACH & EXPERTISE**

From the US to EMEA, our team of experts deliver managed identity services to more than 60 clients, ensuring compliance, security, and peace of mind.

WHAT WE OFFER

Count on us for expert deployment and management, and experience peace of mind with our 24/7 monitoring and support.

SERVICE AGREEMENT

We tailor a service agreement that covers the scope, performance metrics, and costs, ensuring all aspects of your identity security management are met.

IMPLEMENTATION

We deploy the necessary tools, technologies, and processes to manage your IT environment securely and efficiently.

PROACTIVE MANAGEMENT

Through continuous monitoring, security checks, and performance optimization, we address potential issues before they become problems, minimizing downtime and risks.

SUPPORT AND MAINTENANCE

Our dedicated help desk provides ongoing support, troubleshooting, and consulting to keep your operations running smoothly.

REPORTING AND REVIEW

We offer regular reporting and reviews to ensure transparency and continuous improvement as your business evolves.

BUSINESS BENEFITS

MITIGATE SECURITY RISKS

Proactively identify and neutralize unauthorized access, minimizing the risk of data breaches.

ENSURE COMPLIANCE

Automate compliance checks, streamline audits, and effortlessly adhere to industry regulations and standards.

ENHANCE USER EXPERIENCE

Provide a frictionless yet secure experience for users, fostering increased productivity and satisfaction.

IMPROVE OPERATIONAL EFFICIENCY

Streamline identity processes, reducing administrative burden and boosting overall operational efficiency.

ESTABLISH IDENTITY GOVERNANCE

Enforce clear policies, control user access, and maintain a secure, well-governed identity landscape.

COST REDUCTION

Outsourcing to certified identity professionals means a more cost-effective solution compared to maintaining an in-house team with the same level of expertise.

GUARANTEED EXPERTISE

Benefit from the assurance that your identity program is managed by certified professionals, utilizing our Expert Methodology for effective monitoring, control, maintenance, and optimization.

ABOUT US
