

SAILPOINT CLOUD MIGRATION ASSESSMENT

ACCELERATE YOUR MOVE FROM IIQ TO ISC

If you're using SailPoint IdentityIQ (IIQ) and wondering how to migrate to SailPoint's Identity Security Cloud (ISC), ProofID — a trusted SailPoint Admiral Partner and Global MSP — is here to help. Our Cloud Migration Assessment Service provides a rapid and free, expert-led evaluation that guides your organisation through the readiness, risks, and benefits of migrating to ISC.

WHY MOVE TO ISC?

- ▶ **STRONGER SECURITY, BUILT-IN AI**
Detect risks faster with AI-powered certifications and intelligent access decisions.
- ▶ **ALWAYS UP TO DATE**
Benefit from continuous innovation — no manual upgrades, no downtime.
- ▶ **WIDER GOVERNANCE REACH**
Easily govern contractors, partners, and machine identities with advanced cloud-native features.
- ▶ **LOWER COST OF OWNERSHIP**
Cut infrastructure, admin, and upgrade costs — and reinvest in strategic initiatives.
- ▶ **SCALES WITH YOUR BUSINESS**
Support thousands to millions of identities, without infrastructure headaches.
- ▶ **FUTURE-READY PLATFORM**
Stay aligned with SailPoint's roadmap and broader identity ecosystem.
- ▶ **FREE UP YOUR TEAM**
Let SailPoint handle maintenance so your team can focus on value creation.

WHAT'S INCLUDED AT NO COST

DISCOVERY WORKSHOP

Understand your IIQ setup, use cases, and desired outcomes.

TOOLING SETUP & EXECUTION

Extract technical configuration data for review.

OFFSITE ANALYSIS & REPORT

Review of automation opportunities, manual migration needs, and a Business Value Assessment.

FINDINGS PRESENTATION

Tailored recommendations, timelines, cost ranges, and benefits of migration to ISC.

WHAT YOU'LL WALK AWAY WITH

- ▶ **Tailored gap analysis** of your current IIQ configuration vs. ISC capabilities
- ▶ **High-level migration plan** with estimated effort, cost, and timelines
- ▶ **Business Value Assessment** showing security, operational, and financial benefits
- ▶ **Confidence and clarity** to move forward with your cloud journey

WHY CHOOSE PROOFID?

As a SailPoint Admiral Delivery Partner and Global Managed Service Provider, ProofID is uniquely positioned to guide your migration from IdentityIQ to Identity Security Cloud with confidence. Our team lives and breathes identity security, combining deep technical expertise with a proven track record of successful transformations in complex, regulated environments. With a tooling-led, outcome-focused approach, we help you assess, plan, and unlock the full value of the cloud — faster and with less risk.
